REGISTERED LINE ONE HEREFORDS

Paluxy, TX

Private Treaty Herd Bull Sale

2014

See website for video of bulls at www.flyingsherefords.com

Welcome to Flying S Herefords

The Flying S Hereford Ranch is located in Paluxy, Texas southwest of Fort Worth. Our Mission at Flying S Herefords is to produce elite Line One Horned Herefords. Over the past years we have invested in the top bloodlines of the finest Line One Herefords in America from Holden Herefords and Cooper Herefords. It is a great pleasure to be able to offer such an outstanding set of bulls. It has been another great year in the cattle business and the demand for top quality Line One Herefords continues to grow.

This group of bulls represents the best of our 2013 calf crop. They are all sired by top quality Line One bulls. They are a balanced trait set of bulls that combine pigment, maternal strength, thickness, performance and eye appeal. This year's group of bulls had an avg daily gain of 3.93 on test. All bulls sell with performance and ultrasound data and are semen tested. All sale bulls are fully guaranteed. No adjustments will be made after (9) months of purchase.

Video and other sale information is available at www.flyingsherefords.com. Please feel free to stop by and view all cattle at anytime. Contact us for pricing on each bull. All bulls are sold on a first come basis and are ready to go to work.

Thank you for taking the time and having an interest in our program. If we can be of any help, please give us a call.

1098Y was the high selling bull in Holden's 2012 Sale at \$102,000 for 3/4 interest and 1/2 possession. 1098Y is a curve bender deluxe with outstanding calving ease combined with exceptional growth and maternal strength. He is a long bodied, smooth made bull with loads of pigment. He is backed by one of Holden's strongest cow families and his dam is one of their very best young donor females. She is a super functional cow with a perfect udder and loads of milk. Maternal granddam is the great 1028L donor cow that is one of the top cows they have ever produced and is still in production. 1098Y ranks in the top 6% of the breed or higher on BW, Milk, and M&G EPD's and the top 15% on CED and REA EPD's.

- Owned with Holden Herefords, MT and Harrison Land and Cattle, OK.
- Australian semen rights owned by Ironbark Herefords, N.S.W.
- U.S semen available \$30/straw \$65/certificates; CSS and Foreign semen also available

309A is a top herd bull prospect with fantastic depth of rib, muscle, pigment and fleshing ability. He is super long, fancy, and well-marked with great EPD's. Adj YW 1259. His dam is our 9168W donor that is fancy fronted, deep sided with lots of thickness, pigment, and eye appeal. She is a great embryo producer for us averaging over 10 #1 embryo's per flush. Her dam has produced herd bulls for several top registered herds across the U.S. including 1087Y ET an 8050U son that sold to Cooper Herefords for \$27,500 in 2012. Holden Herefords also retained part of 1038Y ET a full brother to 1087Y, which sold to Baker Hereford Ranch for \$18,000 in Holden's 2012 bull sale. 2 full brothers 306A, 308A also sell.
